

Press release no.: 2016-10-14

Date: 01.12.2016

## Wolfgang Prem, new COO of LASERPLUSS AG

As of 1 May 2016, Wolfgang Prem (52) has been a member of the Board of Directors of LASERPLUSS, a company belonging to the MAPAL Group. A qualified mechanical engineer, he is in charge of the Marketing, Production, Materials Management, Organisational and IT divisions. He is also in charge of general administration. In addition, he is responsible for the management of sales projects, as well as customer service. Wolfgang Prem brings with him a great deal of experience in developing and managing technology companies, which he acquired in his previous professional roles.

LASERPLUSS AG is one of the most innovative companies in the development of laser processing plants for individual and industrial production. Its commercial operations focus on the manufacture of laser systems for precision applications, i.e. for cutting metals and hard materials, for inscribing and engraving all kinds of materials and for the welding of plastics.

# PRESS RELEASE

Press release no.: 2016-10-14

Date: 01.12.2016

MAPAL Präzisionswerkzeuge Dr. Kress KG is one of the leading international suppliers of precision tools for the machining of practically all materials. The company founded in 1950 supplies leading customers from the automotive and aerospace industries and from machine and plant engineering. With its innovations the family-owned company sets trends and standards in production and machining technology. MAPAL sees itself as a technology partner, supporting its customers with the development of efficient and resource-conserving machining processes using individual tool concepts. The company is represented with production facilities, sales subsidiaries and representatives in 44 countries worldwide. In 2015 the MAPAL Group had 4,800 employees, generating sales of EUR 540 million.
